Welcome DYPIMS Alumni !

Students, past and present, are what any Institute should be all about. Faculty and staff are vital as well, but *students* are unique in that they will forever fill a role - whether they are current students or long graduated. It would be easy to lose track of most graduates after they embark on their various careers, but doing so would be a huge mistake on any Institute's part.

Why? Because they create the Institute's reputation, which relies in large part on how successful graduates are in the real world. This process is self-feeding as well. If an Institute becomes well known for producing graduates that are intelligent, innovative, and effective in their fields, then its reputation will grow. New graduates will have better job prospects because they went to a well-known school, and the process will continue.

A key factor in college and university rankings is the amount of alumni participation they have. This isn't surprising, considering an active alumni base generally indicates that past graduates feel like they had a quality educational experience. Attending a school with very active alumni also often encourages current students to remain involved and active after graduation, once more perpetuating a good cycle.

So, we humbly request all our valued alumni to take 5 minutes of their time and fill out a simple 2-page **Alumni Registration Form** (Add/Update information) given below:
