

**REPORT ON VALUE ADDED PROGRAMME ON FINANCIAL DERIVATIVES FOR  
STUDENTS OF DYPIMS**

**A. Introduction:**

The Indian equity derivatives market has seen tremendous growth since the year 2000, when equity derivatives were introduced in India. This training program will provide insights into different types of equity derivatives, their trading, clearing and settlement and the regulatory framework.

**B. Objectives of the session:**

- To learn the basics of the derivatives market
- To understand the use of derivative products in speculating, hedging and arbitraging
- To learn the trading, clearing, settlement and risk management in equity derivatives
- To learn the regulatory, accounting and taxation issues relating to equity derivatives

**C. Importance of the Programme.**

- This activity provided an insight into the complex world of financial derivatives and its relevance in the current business scenario.

**D. Methodology of the Programme and Schedule of the said Programme:**

The session commenced with an open discussion by Prof Shilpa R Kankonkar and Prof Nandini Desai on the derivatives followed with the expectations from the participants and why it matters to the participants for their professional development by Prof Shilpa R Kankonkar and Prof Nandini Desai.
